FORMER CARTHAGE BOY DECAPITATED

Orville Coppick, World War Veteran, is Killed by Train at Cheyenne, Wyoming

DETAILS ARE STILL LACKING

Legs Are Also Severed and Body so Badly Mangled That it Will Not Be Sent Back Here

Orville Coppick, age twenty-seven years, a veteran of the World War, was decapitated, both legs were cut off and his body was otherwise mutilated when he was struck by a train at Cheyenne, Wyoming, according to word received today by his parents, Mr. and Mrs. James Coppick, living southwest of Carthage.

Details of the accident were lacking. It is not known whether the train hit the former Rush county boy while he was walking or that he lost his life in a railroad crossing accident.

The body was so horribly mutilated that funeral services and burial will be held at Cheyenne. The authorities there sent word that it would be impossible to ship the body home.

The word of the fatal accident was first received by relatives at Anderson, because young Coppick had been working there before going to Wyoming, and the message was relayed to his parents by telephone.

Young Coppick had gone to Wyoming to take out a government land claim which is the privilege of ex-service men. He left for Cheyenne about a month ago.

The young man was in the service of his country during the World War for a period of almost two years, but never went overseas.

He entered the service in September, 1917, and was mustered out on August 22, 1919. He was stationed most of the time he served in the army at Camp Shelby, Hattiesburg, Mississippi, and was attached to the 313th Remount Depot. Young Coppick was in the hospital at Fort Benjamin Harrison for a few weeks before leaving the service.

He is survived by his parents; one sister, Mrs. Orie Clauser of Richmond, and one brother, M. E. Coppick of Anderson.

WOMAN CHAIRMAN IS TO ADDRESS WORKERS

Mrs. Clarence Martindale of Indianapolis to be Here For Republican Meeting Saturday

DINNER AT SCANLAN HOUSE

Mrs. Clarence Martindale of Indianapolis, chairman of the Marion county republican women's committee, and Mr. McClaskin, an organizer from state headquarters, will address the conference of republican workers of the county here Saturday it was learned today. An informal session will be held in the court house at 10:30 in the morning and following a dinner at the Scanlan house at noon, at which all the workers will be guests of the county central committee, another session will be held.

Mrs. A. L. Stewart, who was recently appointed county women's chairman with the understanding that Miss Mary Sleeth would remain in the organization as vice-chairman and assist in the work, will have charge of the women's organization in the county. Miss Sleeth built up the county organization and devoted considerable effort to the work, but felt that she could not continue through the campaign because of her duties as librarian and her private affairs requiring so much time. Miss Sleeth is recognized at state headquarters as a very capable organizer and her advice has been sought on several occasions.

Senator James E. Watson, Rep. R. N. Elliott, District Chairman Bossert of Liberty and Mrs. Elizabeth Claypool Earle of Connersville, women's district chairman will be present Saturday.

GOES THROUGH A BRIDGE

Omer Isaac's Automobile is Damaged Near Shelbyville

A new automobile owned and driven by Omer L. Isaac, a traveling salesman for M. O'Conner Wholesale grocers of Indianapolis, who lives at 1010 North Harrison street, this city, was damaged last night, when it was driven upon a bridge near Shelbyville that was torn up by some heavy truck, and had failed to leave a warning for other machines. It is the belief that one of the large army trucks, enroute to Columbus, had broken through the bridge and when the Rushville machine came upon the bridge, it fell through. Several hours was required to put the machine back onto the road. The driver was uninjured, and the extent of damage done to the machine was not learned today.

SOLDIERS TRAVELING MINUS MOTOR VEHICLES

Detachment of Thirty From Camp Taylor Arrives This Morning to Remain Until Saturday

INVITE PEOPLE TO SEE CAMP

The detachment of 30 soldiers from the First Division, arrived here early this morning from Milroy, where they spent yesterday and last night, and this morning pitched camp in the city park, where they will remain until Saturday morning.

The detachment is traveling from Camp Taylor with horse drawn wagons, and several cavalymen are among the detachment. The equipment consists of 40 head of horses and mules, several tents and a portable kitchen. While camping in the park, the soldiers extend an invitation to all Rushville people to inspect the camp, ask questions, and learn how they actually live while traveling.

Practically every man with the detachment has received distinguished service medals, and several of them were wounded in overseas service, being the first and last detachment that participated in the war.

The orders received here called for the party to return to Camp Taylor, over the same route, and they will again be in Milroy on Saturday. The soldiers expressed themselves as being given loyal treatment in Milroy, and were pleased with the prospects for a pleasant visit in this city.

SEE POLITICS IN REVIEW BOARD ACTION

County Officials Comment on Shelby County Move to Take Off Horizontal Increases

REVERSE OF STATEMENT HERE

County officials who were questioned today regarding the action of the Shelby county board of review in removing the horizontal increases put on the property valuations in that county by the state board of tax commissioners, said they believed that the step was purely political.

They based their opinion on the fact that the Shelby county auditor and treasurer, who were here recently, made the statement that the horizontal increases should be allowed to remain with a few exceptions where property owners had been assessed too high. In such cases, they are reported to have said that the assessments should be reduced.

The Shelby county officials face the prospect of making an entirely new abstract of the taxables of the county for the fall installment of taxes, but it is not likely that they will have to do it because the state board of tax commissioners will put the horizontal increases back in the county. This, it is believed, is the aim of the Shelby county board of review, which desires to place the responsibility on the state tax board.

ORCHARD EXPERTS INVADE LAUREL

Indiana Horticultural Society Sponsors Meeting at Which Vast Orchard is Visited

A TEN YEAR EXPERIMENT

Visitors From Many States Attend The Meeting and Hear Addresses by Agricultural Experts

(By United Press.)

Laurel, Ind., Aug. 5.—More than a thousand persons from agricultural experiment stations and private orchards in practically every state of the union gathered here today to learn the result of a ten year orchard experiment.

The meeting, which is held under the auspices of the Indiana Horticultural society, took place in a large orchard of E. A. Schultze just east of this town.

The orchard is located on a large hill, overlooking the surrounding country and the guests who arrived early were enjoying themselves sightseeing.

The entire forenoon was to be devoted to renewing old acquaintances and making new ones and to an inspection of the orchard and grounds.

Leading horticultural experts from every part of the country had places on the program. Prof. C. G. Woodbury, who started the experiment work on a 23 acre plot here ten years ago for Purdue university explained the results of his work.

This experiment included soil culture and methods of tree growth the idea being to determine the quickest and best means of producing an orchard.

Purdue had no financial interest in the undertaking, the plot being turned over to the station by Mr. Schultze for experiments only.

Today Prof. Woodbury was prepared to reveal a difference in apple yields of nearly thirty-six bushels to the tree per year through different soil treatments.

A plot which received no further attention than the cutting of grass, which was left lying on the ground, produced an average of 3.44 bushels per tree for the past five years.

A plot which was cultivated clean during the entire period produced an average of 39.2 bushels per tree for the last five years of the experiment.

Ranking third was a plot which produced an average crop of 36.52 bushels per tree for the five years. This plot was seeded to grass, which was cut and le die, but the trees were given an adequate mulch of straw during the entire period.

Following the explanation and inspection of the plots there were talks by Prof. G. I. Christie, director of the experiment station; Prof. Joseph Oskamp of the Missouri experiment station, who had charge of the Laurel work during the great part of the experiment; Prof. W. H. Alderman, chief of the horticultural department of the University of Minnesota and Prof. E. J. Kraus of the University of Kansas.

WOODMEN AT LOG ROLLING

More Than a Score Attend State Meeting at Kokomo Today

More than a score of Modern Woodmen from this city are attending the annual meeting of the state Log Rolling association in Kokomo today. A big delegation left this morning shortly after four o'clock in a motor truck and expected to arrive in Kokomo in time for the beginning of the day's festivities. The Rushville crowd did not anticipate leaving Kokomo until midnight tonight and will arrive here about four o'clock tomorrow morning. A few Woodmen went on a special train from Indianapolis.

Berlin, Aug. 5.—French troops are being stationed along the Rhine ready to proceed to Bavaria to the assistance of Poland, according to reports from Bavarian cities received here today.

SEEKING SUPPORT OF UNITED STATES

Threatened With Overwhelming Defeat, Poland Again Tries to Interest America

BOLSHEVIKI CLOSE PINCHERS

As Soviet Armies Continue Advance on Warsaw, Lloyd George Tells of Warning Issued

(By United Press.)

Washington, D. C., Aug. 5.—Threatened with overwhelming defeat, Poland today renewed efforts to obtain the support of the United States in the struggle with the armies of Soviet Russia.

The question of American aid again was taken up with the state department by Prince Lubomirski, Polish minister to the United States who conferred with Under Secretary of State Davis.

London, Aug. 5.—While the Bolshevik armies were closing their pinchers around Warsaw today, Premier Lloyd George informed the house of commons he had warned Russia that she should grant an immediate armistice with fair terms to the Poles.

Lloyd George said he delivered this warning yesterday to the Russian representative in London who was to communicate it to Moscow.

He advised them that with the continued Bolshevik advance in Poland, the allies would suspect the sincerity of its desire for peace and resumption of trade relations.

Lloyd George stated he had just received an important message which he had not yet read. If circumstances warrant, he said he would communicate it to the house immediately; otherwise, he said he would return it to the commons Friday.

While Lloyd George was making his brief statement, The Evening News announced it had information the cabinet had considered calling for volunteers for a British expedition to go to Poland and fight the Bolsheviks.

News of a new Bolshevik victory came by wireless from Moscow.

Thirty American Prisoners

Washington, Aug. 5.—Thirty Americans are being held prisoner by the Bolshevik government at Moscow, according to four other Americans who have come from Soviet Russia recently, the state department was advised today by its representative at Viborg, Finland.

The state department was advised from the American legation at Warsaw today that armistice negotiations with the Poles will be refused by the Bolsheviks so long as they see hope for the capture of Warsaw.

The refugees included Arthur Prince, Detroit, a corporal of the 339th Infantry and Frank King, Columbus, Ohio, a newspaper correspondent.

These refugees are now in Finland. They are being aided by the American Red Cross. Prince was taken prisoner by the Bolsheviks in the vicinity of Archangel on March 1, 1919 while a member of the American Expeditionary Force in North Russia, the state department announced.

Although wounded twice, the Bolsheviks paid no attention to his injuries, it was said. He suffered great hardships during his imprisonment in Russia.

While officials were greatly worried, the state department today had no late news of the developments on the Polish frontier.

SOLDIERS PRINCESS GUESTS

W. F. Easley, manager of the Princess theater today extended the soldiers here today an invitation to attend the theater any time that they desired while visiting here, and the word was passed around the camp in the city park this afternoon, receiving rounds of applause, as the soldiers appreciate all courtesies that are extended to them. "Just salute the ticket seller and walk in," Mr. Easley told the soldiers.

DATE FOR HEARING CHANGED

Remonstrators Against Bond Issue to be Heard August 13

Hearing of the remonstrators against the bond issue for the William Redenbaugh road in Orange township has been changed from Wednesday, August 18, the date originally set, to Friday, August 13, according to word received here today.

The hearing will be conducted in the court house here at ten-thirty o'clock in the morning by the state board of tax commissioners. This is the second time the hearing has been changed because it was originally set for July but had to be postponed on account of attorneys interested in the case being engaged in the special session of the legislature.

TOM J. GERAGHTY IS GOING TO NEW YORK

Accepts Position as Supervising Director of New Laskey Corporation Studio

TO STOP OFF IN "HOME TOWN"

Tom J. Geraghty of Hollywood, California, has accepted a position as supervising director of one of the largest motion picture studios in the world, which has just been completed on Long Island by the Famous Players—Lasky Corporation.

This is the information received here by his friends, who are expecting him in Rushville for a short visit in the very near future. Mr. Geraghty has written that he will stop off in his "home town" while on the way east, in about three weeks, and his old cronies who used to loaf with him at "Betker's" are looking forward to a few hours with him.

Mr. and Mrs. Geraghty and family have been living in Hollywood for several years, and regret very much to leave the west, because they have enjoyed it so much, but friends of Mr. Geraghty understand that the offer of the New York position was so tempting that he could not turn it down.

Since leaving Rushville, Mr. Geraghty has been associated with a number of motion picture producing companies as scenario writer and director. Until recently he had charge of scenarios for Douglas Fairbanks pictures.

TO IMPROVE WORLD'S FINANCIAL CONDITION

Council of League of Nations Takes up Question of Credit and Inflated Currency

EXCHANGE RATE TO BE FIXED

(By United Press.)

San Sebastian, Spain, Aug. 5.—Ways and means of improving the world's financial condition were being taken up today by the council of league of nations, in session here.

Plans were being made for a financial conference at Brussels September 20, at which the rate of exchange between member states and former enemy states would be fixed.

Financial experts said they did not expect the rate of exchange of money for former enemy nations ever will become normal again.

One of the first steps will be to ask countries with inflated currency to deflate it so as to remove one of the primary causes of the present economic situation.

Three causes were assigned by the council for the unsettled economic conditions throughout the world.

The financial policy of individual states; the unusual exchange rates of paper currency; and confused relations, the remedy for which is the speedy restoration of sound credit.

TO LENGTHEN TERM OF RURAL SCHOOLS

Teachers' Salary Bill Signed by Governor Will Have Some Effect in This County

ESTABLISHES MINIMUM WAGE.

Provision Fixing Lowest Salary at \$800 Will Also be Felt Here, it is Believed

The teacher's salary bill, which was passed by the special session of the legislature last week and was signed by Governor Goodrich yesterday, will have the effect of extending the terms of all Rush county schools to eight months and establishes a minimum wage of \$80 a year for teachers.

This will have an effect on the schools of two townships which have been in session less than eight months in the past years and will also tend to increase the salaries of some teachers, although it is believed that the majority of the teachers in Rush county schools received more than this sum.

In all townships where the schools have been consolidated, the term has been eight months because it is required if there is a high school course. Richland and Jackson townships are the only ones in the county which have no consolidated schools and they are both taking steps to bring their schools up to date. Jackson township has the bill and is about ready to erect a building.

The bill does not specifically provide that school terms shall be eight months but has the effect of lengthening the school term because if trustees pay teachers \$800 a year, they want the full value of the teachers' services.

Some school officials regard the law as unfair because it puts the beginning teacher in the same class with the teacher of experience who may not receive more than the minimum salary.

The bill when it was pending before the special session, had the strenuous and active opposition of the Indiana Township Trustees association and of the farmers of the state. Lew Lewis of Manilla, Walker township trustee, who is the chairman of the state association's legislative committee and registered as a lobbyist during the special session, actively opposed the bill when it was introduced.

The grounds on which the trustees opposed the measure was that they would not have the funds available to pay the increased salaries of teachers for the remainder of this year because the state board of tax commissioners had cut their levies to the lowest possible point and they had based their levies on the contracts which they already had with teachers.

Opposition came from the farmers as well as the trustees, who reflected the opinion of their rural constituents, because the bill lengthened the rural school term. It has always been the contention of rural school officials that the schools should be dismissed early in the spring to allow boys who live on the farm an opportunity to work. It was argued that part of the education of a country boy consisted of learning how to do farm work.

Miss Belle O'Hare of Indianapolis president of the Indiana Federation of Teachers, was here last Saturday night trying to get in touch with Mr. Lewis in an effort to get him to use his influence to persuade Governor Goodrich to sign the teachers' bill. She said that Governor Goodrich had told her that he would not sign the bill until he had heard from more than fifty trustees to whom he had addresses letters for their opinion in regards to the proposed law and she presumed that Mr. Lewis was one of them.

Miss O'Hare said that the law was a step forward in school legislation and that it would make compulsory the payment of living salaries to many under-paid teachers and would improve the rural schools, which had suffered because of the demand of farmers that their sons be released early in the spring to help on the farm.

Says His Prescription

Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Your druggist has been appointed agent for Allenhu in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.—Adv.

FARMERS TO STAGE BATTLE

Make Effort to Prevent Board of Review From Collecting Taxes

(By United Press.)

Indianapolis, Ind., Aug. 5.—Marion county farmers will wage a battle in an effort to prevent the county board of review or the state tax board from collecting taxes under the horizontal increase in property valuations which they say was made possible by the remedial tax bill passed by the special legislature.

Attorney William Bosson, representing the farmers served notice to this act on the board of review here Wednesday afternoon. He gave this information also to the county auditor, treasurer and assessor.

City Garbage Collection

The suggestion by Mayor Irvin at the meeting of the city council this week that the council consider the garbage collection question is both timely and important. There is not a question in Rushville which deserves the earnest consideration of the councilmen, so much as this one because it is a problem which can not be temporized with. It must be solved.

The only solution appears to be a city garbage collection system which will insure the gathering up of all garbage free of charge because any other scheme will not be satisfactory. It would seem to be the duty of the city government, in guarding the public health and welfare, to

insure the collection of all garbage in order to have the best sanitary conditions obtainable and the only way is a free system.

The suggestion of the mayor is timely because the city council makes up its annual budget next month and at that time, councilmen may determine approximately how much will be required to conduct a garbage collection system, and if a special tax levy is required, it can be made at that time when the levy is figured for the year 1921. To begin preparations at once means to make certain a cleaner city next summer.

Many Rushville people will bear witness to the fact that they have not been able to have their garbage hauled away this summer. Garbage collectors have been scarce as well as independent. They call when they please and take all or part of what is left for them, just as it suits their fancy.

But that is not half the story. People who do not feel they can afford the expense of having their garbage hauled away, throw it in the alleys, their back yards or in vacant lots. It is impossible to approximate the damage which might result from such conditions as this. Such things breed flies and help spread diseases which need never exist if a little more precaution is taken.

The visiting nurse appeared before the city council a few months ago and pleaded for a garbage collection system. She then described the conditions which are to be found in some sections of Rushville—a situation which could largely be overcome by a small expenditure by the city.

The visiting nurse stands ready and willing to co-operate with the

council in any effort to improve the sanitary conditions of the city and she would be a very powerful force in inducing people who have been accustomed to throwing their garbage out in open places, to help make Rushville a cleaner and better place by keeping their garbage in closed receptacles.

Selling Surplus Food

When the congress convened a year ago the war department had immense stocks of canned food-stuffs in storage purchased prior to the armistice for the maintenance of the army. These enormous supplies the war department purposed at first to dispose of in Europe, according to the statement of Newton D. Baker, secretary of war, who claimed that there was "only a limited market in the United States." The congress promptly passed a resolution directing the war department to place these goods on sale in the United States. After months of delay and grudging compliance with the law, the war department now announces that it will dispose of the remainder of these commodities. Canned corned beef, corned beef hash, roast beef and bacon to the value of \$25,000,000 are now being disposed of in various sections of the country within reasonable hauling distance of the retailers and wholesalers in every community. The prices are below pre-war quotations.

According to Representative William J. Graham, chairman of the committee on expenditures in the war department, the surplus food held by the army in the United States following the armistice was valued at \$100,000,000. "The war department had entered into tentative agreements with the packers," he states, "not to put this food upon the market and were using every method to dispose of it, by feeding it to the soldiers or otherwise, so that it should not be sold to the people. As a result of the resolution passed by the Congress \$57,000,000 of this food was sold prior to the recent announcement of the war department placing \$25,000,000 of these goods on sale."

Paris fashion notes are to the effect that skirts will disappear this fall. This is an important announcement in view of the fact that the waists are already scanty.

Striking yardmen and engineers who were indicted at Chicago yesterday are probably of the opinion now that it was an "outlaw" strike.

Newspaper headlines say the league of nations is in action to prevent wars and meanwhile the Russian Reds continue to move on Warsaw.

There are about 54,000,000 gallons of whiskey in bonded warehouses, according to government reports, which indicates there is about enough to go around, provided the going is good.

It wouldn't be so bad after all to have a woman for secretary of state. The secrets of the state department would be an open book, and that would prevent the danger of any entangling alliances.

THE
Mirage of Lower Prices

Many retail lumber dealers have followed the MIRAGE OF LOWER PRICES off into the desert of depleted stocks and have allowed their trade to drop away. Many dealers have actually advised their customers not to build, but to wait for lower prices. This is the HEIGHT OF BUSINESS FOLLY. It is poor business for the lumber dealer and bad for his community. Money is a liquid and unstable thing. THE TIME FOR ANY MAN TO BUILD IS WHEN HE HAS THE MONEY. Ninety-five percent of the money made in our community will be spent at once. If it is not spent for HOUSES and BARNs, it go for AUTOMOBILES. If it is not spent for CRIBS and GRANARIES, it will resolve itself into TRIPS TO PLEASURE RESORTS. If it is not spent for FENCES and SHEDS, it will be invested in imaginary oil wells or fictitious GOLD MINES. IT WILL BE SPENT. Let that sink into your mind and decide whether our community will be PERMANENTLY BETTER OFF if it is spent for permanent improvements or for EVANESCENT PLEASURES.

WE KNOW A LUMBERMAN, an intelligent retailer, too, who is an officer and a director in a bank. The directors wished to build a bank building this year, but he counseled them to wait for lower prices which were due to come some time in the future. WHEN THE LOWER PRICES COME NO BUILDINGS WILL BE BUILT. Let this thought ramble through your brain—when prices are low people do not build. Low prices and poor business walk hand in hand in all lines. When lumber prices are low, other prices are low and people will not have the money with which to take advantage of conditions. In looking over our records, we find that the periods of low prices, were inactive periods in our business. IT IS TO THE INTEREST OF THE COMMUNITY TO ENCOURAGE BUSINESS NOW—NOT NEXT YEAR—AND GET THE MONEY PERMANENTLY INVESTED IN TAXABLE IMPROVEMENTS.

AND JUST A WORD TO PRESENT PRICES. Many think that lumber prices are too high. This is a common fallacy. Lumber prices are lower today than they should be. They are lower than they are going to be a little later. At present prices the manufacturer cannot make a reasonable profit. No industry can flourish unless all branches are making a reasonable profit. The manufacturer—the wholesaler—the retailer—all must be allowed to live if any one of the three is to prosper. Each has his definite duty and his place in the business. THE MIRAGE OF PE - WAR PRICES WILL LEAD YOU ASTRAY IF YOU FOLLOW IT. It is an illusion—it is the reflection of something that used to be but is no more and will not be again.

People who wish for a return to the old price level are unconsciously wishing for demoralization—hard times—slack business—and trouble.

We are telling you that lumber prices are not too high—that now is the time to build—while you have the money and before you spend it for something that does not add to the value of your estate. IF YOU THINK LUMBER PRICES ARE TOO HIGH, just set out a crop of trees and wait for the harvest. Lumber is one of the few crops that is being sold at FAR LESS THAN THE COST OF REPLACEMENT. You may figure what it costs to grow a bushel of wheat, but sit down with your pencil and estimate what it costs to grow and manufacture a thousand feet of lumber. LUMBER IS THE CHEAPEST THING IN THE WORLD TODAY.

Our business for the last year has been conducted along the principles set out above. We have relied on the sound business judgment of Rush County to BUILD WHILE THEY HAVE THE MONEY. Hence we have full stocks and are prepared to furnish large or small bills without delay or substitution. Temporary shortages have been experienced by all dealers due to transportation, but we have overcome this at last and have a stock ample for the requirements of our trade.

The freight advance, effective Aug. 25th, will advance all lumber shipped after that date \$3.50 per thousand.

Nobody ever dreamed that the nauseating taste could be removed from castor oil. Yet it has been done. Chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a wonderful process whereby castor oil is freed from all nauseating taste. Nothing is removed except the taste. Strength and purity remain absolutely unchanged—a 100% pure castor oil; the same castor oil that your doctor prescribes, but with the nauseating taste eliminated. Think what a boon Kellogg's Tasteless Castor Oil is to children and even grown-ups. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c., 35c. and 65c. —(Advt.)

SOCIETY

The regular stated meeting of Martha Poe chapter No. 143, O. E. S., will be held Friday evening at 7:30 o'clock. A good attendance is urged.

The War Mothers held their regular meeting yesterday afternoon in the assembly room of the court house. A short program was given, followed by a business hour.

Mrs. Allie Aldridge and Mrs. Verl Rebout had as their guests last evening, Mrs. Kate Roehn of Cincinnati, Mrs. Minnie Fishel of Indianapolis and Mrs. Fred Gross and Miss Carolina Gross of Manila.

Mrs. Guy Bussell had charge of the program given yesterday at the meeting of the Ben Davis Creek Missionary Society which was held at the church. A large attendance was present for the interesting meeting.

Mr. and Mrs. Ben Humes entertained yesterday with a dinner party, honoring Mrs. Haydon of Lexington Ky., mother of Mrs. Humes. Covers were laid for Mr. and Mrs. Lewis Clark and Mr. and Mrs. Elmer Humes.

Mrs. Jacob Gross entertained yesterday at her home in Raleigh with a dinner party honoring her husband's birthday. The guests were Mrs. Kate Roehn of Cincinnati, Mrs. Minnie Fishel of Indianapolis, Mrs. Fred Gross and Miss Carolina Gross of Manila.

Mrs. Cora Kempe delightfully entertained the members of the Helping Hand society of the Homer Christian church yesterday afternoon at her home near Homer. The afternoon was enjoyed in a social way following a business session. Dainty refreshments were served during the afternoon.

About twenty-five couples attended the invitational dance given in the Modern Woodman hall in West Third street last evening by Phi Delta Kappa fraternity. Music was provided by the Frederick's College orchestra. Guests were present from Shelbyville, Fountaintown and Connersville.

Mrs. Cliff Winship, living south of the city, had as her dinner guests yesterday, Mrs. Fred Beagles of Los Angeles, Calif.; Mrs. Harry Minor and son of Madison, Kentucky; Mrs. Ed Moore and daughter Margaret of Shelbyville; Mrs. E. E. Hite and daughter Hazel of Greensburg and Mrs. Otis Miller and daughter of near Andersonville.

The Woman's Auxiliary of the Noble Township Farmers association met at the home of the president, Mrs. Burle Matney of New Salem, Tuesday afternoon. A very interesting program was given after which light refreshments were served by the officers and program

committee. Thirty-five members of the auxiliary were present.

Mrs. W. W. Weakley was hostess for the members of the Willing Workers Sunday school class of the St. Paul's M. E. church last evening at her home in North Harrison street. The meeting was a farewell party for Mrs. W. H. Scott, who leaves next week for Houston, Ind., where she will make her future home and was a very enjoyable one. Following a social hour the guests were invited into the dining room, where cracker jack, fruit, ice cream and cake were served. The honored guest was presented with a basket as a present from the class. Balloons were given each guest as a souvenir.

FIELD AVERAGES 32 BUSHELS

William Merrill Threshed 258½ Bushels Off Eight Acres

William Merrill, living on the Frank Lowe farm southwest of Rushville, today reported one of the best yields of wheat in Rush county this season.

A field of eight acres produced 258½ bushels, or an average of more than thirty-two bushels to the acre. The wheat graded second. Mr. Merrill said that the eight acres made ten big loads in the sheaf. He declared there was no question about the average because the field had been measured and contained eight acres.

HARDING URGES ACTION

Wires Tennessee-G. O. P. Chairman Regarding Woman's Suffrage

(By United Press.) Marion, Ohio, Aug. 5.—Throwing his full weight into the fight for ratification of the woman's suffrage amendment by the Tennessee legislature, Senator Warren G. Harding, republican presidential nominee, today sent two more messages favoring affirmative action, there. One to States Senator Honck, chairman of the republican state committee, declared the Tennessee republicans are in a position to serve both the party and the country by affective ratification.

The other message was sent to Mrs. Carrie Catt, president of Woman's Suffrage association, advising her he is continuing to encourage favorable action by the republican members.

THOS. E. M'KEE IS BURIED

Funeral services were held this afternoon in northern Rush county for the late Thomas E. McKee, who expired Tuesday morning at 4:30 o'clock, following an illness from paralysis. Mr. McKee was 73 years old, and was a prominent farmer of near Knightstown, in this county, and was a brother of the late Samuel A. McKee of Knightstown. Three nieces, Mrs. Charles Pike, Mrs. Ray Sharp and Mrs. Mort Berry, all of Newcastle, are the survivors.

In there no act so worth my mood, No deed of daring high and pure, That shall, when I am dead, endure, A well spring of perpetual good?

Almond Blanc Mange.
Make a paste of four tablespoonfuls of cornstarch, wet with a little cold milk. Stir it into a quart of milk with four tablespoonfuls of sugar, and boil until thick. Flavor with a few drops of almond extract and stir in half a cupful of blunched shredded almonds. Mold, chill and serve with cream.

Bread Pudding.
Take one quart of milk and one pint of bread crumbs, two well-beaten eggs, a pinch of salt and one tablespoonful of butter. Bake about twenty minutes. Nuts or raisins or both are an addition to this pudding. After it is baked, jam or jelly may be spread over the top and a meringue to cover. Bake until a delicate brown.

Baked Pears.
Use the hard, large pears used for cooking. Core but do not peel. Fill the cores with brown sugar and bake in a pan containing little water. Baste occasionally and cook until tender. Serve hot or cold with cream or a thin boiled custard.

Bordeaux Pudding.
Cut a sponge cake into three layers, spread with jam, put together again, cover with whipped cream sweetened and flavored and sprinkle with chopped nuts. Serve on a platter. Another dessert similar to this which is most attractive is prepared as follows: Bake a light sponge cake in a round tin; split and put together with a thick filling of sweetened whipped cream flavored to taste. Serve cut in wedge-shaped pieces with a spoonful or two of any fresh berries as a garnish.

Chocolate Pudding.
Take one cupful of stale bread-crumbs and enough milk to make a smooth paste when boiled with the crumbs. Add two tablespoonfuls of butter, two tablespoonfuls of cocoa, sugar and vanilla to taste. Take from the fire and add three egg yolks well beaten, then the whites beaten stiff and folded in. Put into a buttered baking dish and bake carefully. Serve with whipped cream or plain cream with sugar.

Jam Pudding.
Melt three tablespoonfuls of butter; add two well-beaten eggs and stir in a cupful of any preferred jam. Butter a pudding mold and put in it a layer of crumbs, then a layer of the jam mixture; repeat until the dish is full, having the crumbs on top. Bake or steam and serve hot or cold.

Last Night's Dreams

—What They Mean

ACORNS.

THAT simple little fruit of the oak tree, the acorn, has divided the mystic world of those who profess, or have professed, to read the riddle of dreams into two violently antagonistic camps. According to one set of penetrators of the veil the acorn shed by the tree of night through the visions of our slumbers is as much to be desired as rubies and fine gold; to the other set it is a thing to be abhorred. Those who sit in the camp of the pessimists and the predictors of evil declare that to see an acorn in one's dreams means dire poverty ahead if you don't watch out. Another one walls that it means that you are about to commit an irreparable fault. "Not so," comes the cheerful and confident cry from the other camp; the acorn seen in dreams is one of the happiest auguries; the acorn is one of dream-land's most desirable products. Those who say otherwise are night birds of ill-omen, croaking in the leafless dreamtrees whereon acorns never grew. To dream of acorns, say this school of optimistic mystics, is a sure sign of good things ahead; much happiness in store for you. It means, among other good things, that you will derive much gain from your present business, which will increase under your fostering care. If you dream that you are picking acorns from the tree it means that, after trials, you will have a sure success. If you are now a laborer, or a worker of any sort, and you dream that you are eating acorns it is a sure sign that, from your present condition of toil, you will rise to a condition of peace and ease and plenty. When doctors disagree who shall decide? Give us the optimists, every time!

The Grip of Grit.

Grit is one of the greatest assets in the world. Grit is something that is in the blood. It has a way of putting fire into the eye and stiffness into the backbone. In the most needy hours it rises like a full clad knight to win both place and honor. You can't buy it. Attempts to bribe it cause resentment. Organized opposition merely helps it get into fighting trim. It's that part of the nature that knows no defeat and isn't afraid of anything. When you read of the greatness of men you can put it down to grit.

PEPSINCO

the best remedy for indigestion that ever came out of a drug store.

You know that pepsin is good for indigestion but pepsin could never do what PEP SINCO will. We have dealt in medicines long enough to know the various uses and value. We unhesitatingly say that PEP SINCO is the best remedy for indigestion, gas, flatulency, food distress, sour stomach and pains under the ribs, that ever came out of a drug store. Sufferers of indigestion and dyspepsia will do well to take PEP SINCO.

Ask your druggist—he sells and recommends Pepsinco.

Bert Lytell 2 Days at Princess

Romance and the glamor of beautiful girls contribute an exotic setting to "Lombardi, Ltd., in which, as Tito Lombardi, an eccentric Italian gown designer, Bert Lytell has one of the most picturesque roles of his career. In his Fifth Avenue dressmaking establishment, where society women come for their silken creations, Lombardi dreams his dreams and makes his tender love to a girl who proves false to him.

Aesthetic and generous, his business slowly goes to ruin, almost, because of his faith in men and women. How his sweet and pretty little assistant, Norah, eventually comes to his rescue and awakens him to a realization of her loyalty and love is told in a fascinating comedy drama unfolded by those master craftsmen, Frederic and Fanny Hatton. On the stage, "Lombardi, Ltd., was presented by Oliver Morosco for a season in New York and more than a year on tour.

It is a brilliant fashion show, an absorbing love story and a revelation in beautiful womanhood, whimsicalities and an occasional heart tug.

"Lombardi, Ltd., will be shown today and tomorrow at the Princess theater.

Here's a Little Suggestion for the Man Who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain old fashioned, out-of-style house into a neat, attractive home. One man spent a few hundred dollars and the very day the simple improvements were completed he was offered \$1,400 more for the property than he had ever been offered before.

The improvements he had made were better than a 100 per cent investment.

But it isn't altogether the money investment that ought to be considered. Maybe mother and the girls are dissatisfied with the plain old house. The neighborhood has been beautifying and your folks, too, may long for those attractive little features that make the passerby pause and say: "Now there's a neat little home."

Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the materials!

THE SLOW HURRY

That is the Habit of the well meaning man who is always "just going" to start Saving Money or Plan For Some New Business.

"STARTING" is the essential thing in business. "Going to" never did anything. The world is full of those who "HAD" good intentions. It's the man who "HAS" them who keeps the wheels of progress spinning.

OUR PRICES PROTECT YOU

Keen competition in all lines of business forces dealers to price their goods as low as possible.

Our prices protect you in this way. Our goods are all marked in plain figures and every article in our stock is the same price to everybody. When you buy an article of us you are sure of two things—you are getting it at the lowest possible price and your neighbor is paying the same price as yourself. This gives protection to all—Trade where the price protects.

THINKING, KNOWING DIFFERENT, HE ASSERTS

Salvation Army Evangelist Says "Know-So" Salvation is Not Like a "Think-So" One

A MESSAGE BY WAINSCOTT

There was deep conviction rested upon the people at last night's Salvation Army revival meeting and though no one surrendered, the Spirit of God was felt in the services, according to an announcement today by Capt. J. A. Trench.

Evangelist Waincott brought the message of the evening, using for his theme, "I bear them record that they have a zeal of God, but not according to knowledge."

The evangelist stated that it is one thing to have a "hope-so" salvation or a "think-so" salvation and an entirely different thing to have a "know-so" salvation. He asked the congregation if anyone could tell how a person could know that they had salvation. One person replied that the Spirit witnessed with our spirit that we are born of God.

Meeting will be held tonight at eight o'clock.

BOARD OF FARMERS ASSOCIATION MEETS

To Prepare Record of Work of Special Session of Legislature to Submit to Federation

SATISFIED WITH RESULTS

(By United Press.)

Indianapolis, Ind., Aug. 5.—Directors of the Indiana Federation of Farmers Associations met here today to prepare a record of the work of the special session of the legislature and to discuss the proposed establishment of a bureau of markets as a new department of the state organization.

The record will be submitted to the federation's members to give them correct information.

E. E. Reynolds, treasurer of the federation, expressed satisfaction with the work of the assembly, except on the enactment of tax legislation. He said many matters were taken up at the special session which should have awaited the convening of the regular session next February.

WANT DRY LAW AMENDED

Saratoga, New York, Aug. 5.—The democratic state convention meeting here, adopted a platform demanding amendment of the Volstead prohibition enforcement law to permit the state legislators to establish the alcoholic content of liquor. The plan was agreed upon after a sharp fight on the convention floor.

The Kitchen Committee of the Little Flat Rock Christian church will hold an ice cream festival on the lawn of the New Salem school grounds, Friday evening, and the public is cordially invited to attend.

MARGARET HALL IS SOUGHT

W. S. Sutton Unable to Locate Woman Said to be Living Here

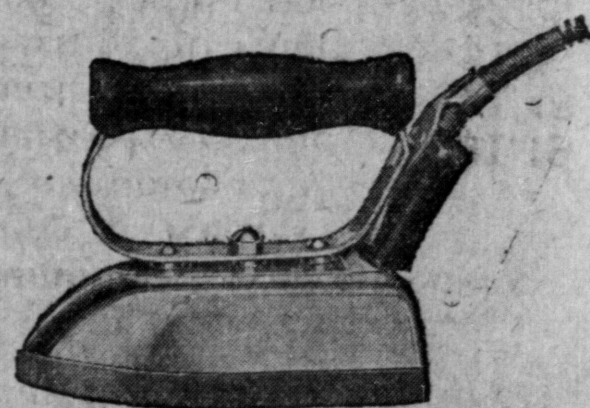

William S. Sutton of Nebraska was here today in search of an elderly woman known to him as Margaret Hall, but all efforts to locate her were of no avail. He consulted county officials, who examined the tax duplicates and the assessors books, but they could not find anyone by that name.

Mr. Sutton, after the death of his wife, sold his farm of 640 acres in Nebraska and has been traveling about the country. He said he was born east of Connersville, in Fayette county, and at one time lived in Rush county. Mrs. Hall's father, he said, was his step-father. Mr. Sutton expected to leave this evening for Springfield, Fayette county, and may be reached there if anyone has any information concerning Mrs. Hall.

FORMER CARTHAGE BOY DECAPITATED

Orville Coppick, World War Veteran,
Is Killed by Train at Cheyenne,
Wyoming

DETAILS ARE STILL LACKING

Legs Are Also Severed and Body So
Badly Mangled That It Will Not
Be Sent Back Here

Orville Coppick, age twenty-seven years, a veteran of the World War, was decapitated, both legs were cut off and his body was otherwise mutilated when he was struck by a train at Cheyenne, Wyoming, according to word received today by his parents, Mr. and Mrs. James Coppick, living southwest of Carthage.

Details of the accident were lacking. It is not known whether the train hit the former Rush county boy while he was walking or that he lost his life in a railroad crossing accident.

The body was so horribly mutilated that funeral services and burial will be held at Cheyenne. The authorities there sent word that it would be impossible to ship the body home.

The word of the fatal accident was first received by relatives at Anderson, because young Coppick had been working there before going to Wyoming, and the message was relayed to his parents by telephone. Young Coppick had gone to Wyoming to take out a government land claim which is the privilege of ex-service men. He left for Cheyenne about a month ago.

The young man was in the service of his country during the World War for a period of almost two years, but never went overseas.

He entered the service in September, 1917, and was mustered out on August 22, 1919. He was stationed most of the time he served in the army at Camp Shelby, Hattiesburg, Mississippi, and was attached to the 313th Remount Depot. Young Coppick was in the hospital at Fort Benjamin Harrison for a few weeks before leaving the service.

He is survived by his parents; one sister, Mrs. Orie Clauser of Richmond, and one brother, M. E. Coppick of Anderson.

WOMAN CHAIRMAN IS TO ADDRESS WORKERS

Mrs. Clarence Martindale of Indianapolis to be Here For Republican Meeting Saturday

DINNER AT SCANLAN HOUSE

Mrs. Clarence Martindale of Indianapolis, chairman of the Marion county republican women's committee, and Mr. McClaskin, an organizer from state headquarters, will address the conference of republican workers of the county here Saturday it was learned today. An informal session will be held in the court house at 10:30 in the morning and following a dinner at the Scanlan house at noon, at which all the workers will be guests of the county central committee, another session will be held.

Mrs. A. L. Stewart, who was recently appointed county women's chairman with the understanding that Miss Mary Sleeth would remain in the organization as vice-chairman and assist in the work, will have charge of the women's organization in the county. Miss Sleeth built up the county organization and devoted considerable effort to the work, but felt that she could not continue through the campaign because of her duties as librarian and her private affairs requiring so much time. Miss Sleeth is recognized at state headquarters as a very capable organizer and her advice has been sought on several occasions.

Senator James E. Watson, Rep. R. N. Elliott, District Chairman Bossert of Liberty and Mrs. Elizabeth Claypool Earle of Connersville, women's district chairman will be present Saturday.

Omer Isaac's Automobile is Damaged Near Shelbyville

A new automobile owned and driven by Omer L. Isaac, a traveling salesman for M. O'Conner Wholesale grocers of Indianapolis, who lives at 1010 North Harrison street, this city, was damaged last night, when it was driven upon a bridge near Shelbyville that was torn up by some heavy truck, and had failed to leave a warning for other machines. It is the belief that one of the large army trucks, enroute to Columbus, had broken through the bridge and when the Rushville machine came upon the bridge, it fell through. Several hours was required to put the machine back onto the road. The driver was uninjured, and the extent of damage done to the machine was not learned today.

SOLDIERS TRAVELING MINUS MOTOR VEHICLES

Detachment of Thirty From Camp Taylor Arrives This Morning to Remain Until Saturday

INVITE PEOPLE TO SEE CAMP

The detachment of 30 soldiers from the First Division, arrived here early this morning from Milroy, where they spent yesterday and last night, and this morning pitched camp in the city park, where they will remain until Saturday morning.

The detachment is traveling from Camp Taylor with horse drawn wagons, and several cavalymen are among the detachment. The equipment consists of 40 head of horses and mules, several tents and a portable kitchen. While camping in the park, the soldiers extend an invitation to all Rushville people to inspect the camp, ask questions, and learn how they actually live while traveling.

Practically every man with the detachment has received distinguished service medals, and several of them were wounded in overseas service, being the first and last detachment that participated in the war.

The orders received here called for the party to return to Camp Taylor, over the same route, and they will again be in Milroy on Saturday. The soldiers expressed themselves as being given loyal treatment in Milroy, and were pleased with the prospects for a pleasant visit in this city.

SEE POLITICS IN REVIEW BOARD ACTION

County Officials Comment on Shelby County Move to Take Off Horizontal Increases

REVERSE OF STATEMENT HERE

County officials who were questioned today regarding the action of the Shelby county board of review in removing the horizontal increases put on the property valuations in that county by the state board of tax commissioners, said they believed that the step was purely political.

They based their opinion on the fact that the Shelby county auditor and treasurer, who were here recently, made the statement that the horizontal increases should be allowed to remain with a few exceptions where property owners had been assessed too high. In such cases, they are reported to have said that the assessments should be reduced.

The Shelby county officials face the prospect of making an entirely new abstract of the taxables of the county for the fall installment of taxes, but it is not likely that they will have to do it because the state board of tax commissioners will put the horizontal increases back in the county. This, it is believed, is the aim of the Shelby county board of review, which desires to place the responsibility on the state tax board.

ORCHARD EXPERTS INVADE LAUREL

Indiana Horticultural Society Sponsors Meeting at Which Vast Orchard is Visited

A TEN YEAR EXPERIMENT

Visitors From Many States Attend The Meeting and Hear Addresses by Agricultural Experts

(By United Press.)
Laurel, Ind., Aug. 5.—More than a thousand persons from agricultural experiment stations and private orchards in practically every state of the union gathered here today to learn the result of a ten year orchard experiment.

The meeting, which is held under the auspices of the Indiana Horticultural society, took place in a large orchard of E. A. Schultze, just east of this town.

The orchard is located on a large hill, overlooking the surrounding country and the guests who arrived early were enjoying themselves sightseeing.

The entire forenoon was to be devoted to renewing old acquaintances and making new ones and to an inspection of the orchard and grounds.

Leading horticultural experts from every part of the country had places on the program. Prof. C. G. Woodbury, who started the experiment work on a 23 acre plot here ten years ago for Purdue university explained the results of his work.

This experiment included soil culture and methods of tree growth the idea being to determine the quickest and best means of producing an orchard.

Purdue had no financial interest in the undertaking, the plot being turned over to the station by Mr. Schultze for experiments only.

Today Prof. Woodbury was prepared to reveal a difference in apple yields of nearly thirty-six bushels to the tree per year through different soil treatments.

A plot which received no further attention than the cutting of grass, which was left lying on the ground, produced an average of 3.44 bushels per tree for the past five years.

A plot which was cultivated clean during the entire period produced an average of 39.2 bushels per tree for the last five years of the experiment.

Ranking third was a plot which produced an average crop of 36.52 bushels per tree for the five years. This plot was seeded to grass, which was cut and let die, but the trees were given an adequate mulch of straw during the entire period.

Following the explanation and inspection of the plots there were talks by Prof. G. I. Christie, director of the experiment station; Prof. Joseph Oskamp of the Missouri experiment station, who had charge of the Laurel work during the great part of the experiment; Prof. W. H. Alderman, chief of the horticultural department of the University of Minnesota and Prof. E. J. Kraus of the University of Kansas.

WOODMEN AT LOG ROLLING

More Than a Score Attend State Meeting at Kokomo Today

More than a score of Modern Woodmen from this city are attending the annual meeting of the state Log Rolling association in Kokomo today. A big delegation left this morning shortly after four o'clock in a motor truck and expected to arrive in Kokomo in time for the beginning of the day's festivities. The Rushville crowd did not anticipate leaving Kokomo until midnight tonight and will arrive here about four o'clock tomorrow morning. A few Woodmen went on a special train from Indianapolis.

FRENCH MAY HELP POLES

Berlin, Aug. 5.—French troops are being stationed along the Rhine ready to proceed to Bavaria to the assistance of Poland, according to reports from Bavarian cities received here today.

SEEKING SUPPORT OF UNITED STATES

Threatened With Overwhelming Defeat, Poland Again Tries to Interest America

BOLSHEVIKI CLOSE PINCHERS

As Soviet Armies Continue Advance on Warsaw, Lloyd George Tells of Warning Issued

(By United Press.)
Washington, D. C., Aug. 5.—Threatened with overwhelming defeat, Poland today renewed efforts to obtain the support of the United States in the struggle with the armies of Soviet Russia.

The question of American aid again was taken up with the state department by Prince Lubomirski, Polish minister to the United States who conferred with Under Secretary of State Davis.

London, Aug. 5.—While the Bolshevik armies were closing their pinchers around Warsaw today, Premier Lloyd George informed the house of commons he had warned Russia that she should grant an immediate armistice with fair terms to the Poles.

Lloyd George said he delivered this warning yesterday to the Russian representative in London who was to communicate it to Moscow.

He advised them that with the continued Bolshevik advance in Poland, the allies would suspect the sincerity of its desire for peace and resumption of trade relations.

Lloyd George stated he had just received an important message which he had not yet read. If circumstances warrant, he said he would communicate it to the house immediately; otherwise, he said, he would return it to the commons Friday.

While Lloyd George was making his brief statement, The Evening News announced it had information the cabinet had considered calling for volunteers for a British expedition to go to Poland and fight the Bolsheviks.

News of a new Bolshevik victory came by wireless from Moscow.

Thirty American Prisoners

Washington, Aug. 5.—Thirty Americans are being held prisoner by the Bolshevik government at Moscow, according to four other Americans who have come from Soviet Russia recently, the state department was advised today by its representative at Viborg, Finland.

The state department was advised from the American legation at Warsaw today that armistice negotiations with the Poles will be refused by the Bolsheviks so long as they see hope for the capture of Warsaw.

The refugees included Arthur Prince, Detroit, a corporal of the 339th Infantry and Frank King, Columbus, Ohio, a newspaper correspondent.

These refugees are now in Finland. They are being aided by the American Red Cross. Prince was taken prisoner by the Bolsheviks in the vicinity of Archangel on March 1, 1919 while a member of the American Expeditionary Force in North Russia, the state department announced.

Although wounded twice, the Bolsheviks paid no attention to his injuries, it was said. He suffered great hardships during his imprisonment in Russia.

While officials were greatly worried, the state department today had no late news of the developments on the Polish frontier.

SOLDIERS PRINCESS GUESTS

W. F. Easley, manager of the Princess theater today, extended the soldiers here today an invitation to attend the theater any time that they desired while visiting here, and the word was passed around the camp in the city park this afternoon, receiving rounds of applause as the soldiers appreciate all courtesies that are extended to them. "Just save the ticket seller and walk in," Mr. Easley told the soldiers.

DATE FOR HEARING CHANGED

Remonstrators Against Bond Issue to be Held August 13

Hearing of the remonstrators against the bond issue for the William Redenbaugh road in Orange township has been changed from Wednesday, August 18, the date originally set, to Friday, August 13, according to word received here today.

The hearing will be conducted in the court house here at ten-thirty o'clock in the morning by the state board of tax commissioners. This is the second time the hearing has been changed because it was originally set for July but had to be postponed on account of attorneys interested in the case being engaged in the special session of the legislature.

TOM J. GERAGHTY IS GOING TO NEW YORK

Accepts Position as Supervising Director of New Laskey Corporation Studio

TO STOP OFF IN "HOME TOWN"

Tom J. Geraghty of Hollywood, California, has accepted a position as supervising director of one of the largest motion picture studios in the world, which has just been completed on Long Island by the Famous Players-Lasky Corporation.

This is the information received here by his friends, who are expecting him in Rushville for a short visit in the very near future. Mr. Geraghty has written that he will stop off in his "home town" while on the way east, in about three weeks, and his old cronies who used to loaf with him at "Betters" are looking forward to a few hours with him.

Mr. and Mrs. Geraghty and family have been living in Hollywood for several years and regret very much to leave the west, because they have enjoyed it so much, but friends of Mr. Geraghty understand that the offer of the New York position was so tempting that he could not turn it down.

Since leaving Rushville, Mr. Geraghty has been associated with a number of motion picture producing companies as scenario writer and director. Until recently he had charge of scenarios for Douglas Fairbanks pictures.

TO IMPROVE WORLD'S FINANCIAL CONDITION

Council of League of Nations Takes up Question of Credit and Inflated Currency

EXCHANGE RATE TO BE FIXED

(By United Press.)

San Sebastian, Spain, Aug. 5.—Ways and means of improving the world's financial condition were being taken up today by the council of league of nations, in session here.

Plans were being made for a financial conference at Brussels September 20, at which the rate of exchange between member states and former enemy states would be fixed.

Financial experts said they did not expect the rate of exchange of money for former enemy nations ever will become normal again.

One of the first steps will be to ask countries with inflated currency to deflate it so as to remove one of the primary causes of the present economic situation.

Three causes were assigned by the council for the unsettled economic conditions throughout the world.

The financial policy of individual states, the unusual exchange rates of paper currency, and confused conditions, the remedy for which is the speedy restoration of sound currencies.

TO LENGTHEN TERM OF RURAL SCHOOLS

Teachers' Salary Bill Signed by Governor Will Have Some Effect in This County

ESTABLISHES MINIMUM WAGE

Provision Fixing Lowest Salary at \$800 Will Also be Felt Here, it is Believed

The teacher's salary bill, which was passed by the special session of the legislature last week and was signed by Governor Goodrich yesterday, will have the effect of extending the terms of all Rush county schools to eight months and establishes a minimum wage of \$800 a year for teachers.

This will have an effect on the schools of two townships which have been in session less than eight months in the past years and will also tend to increase the salaries of some teachers, although it is believed that the majority of the teachers in Rush county schools received more than this sum.

In all townships where the schools have been consolidated, the term has been eight months because it is required if there is a high school course. Richland and Jackson townships are the only ones in the county which have no consolidated schools and they are both taking steps to bring their schools up to date. Jackson township has the its and is about ready to erect a building.

The bill does not specifically provide that school terms shall be eight months but has the effect of lengthening the school term because if trustees pay teachers \$800 a year, they want the full value of the teachers' services.

Some school officials regard the law as unfair because it puts the beginning teacher in the same class with the teacher of experience who may not receive more than the minimum salary.

The bill when it was pending before the special session, had the strenuous and active opposition of the Indiana Township Trustees association and of the farmers of the state. Lew Lewis of Mawatha, Walker township trustee, who is the chairman of the state association's legislative committee and registered as a lobbyist during the special session, actively opposed the bill when it was introduced.

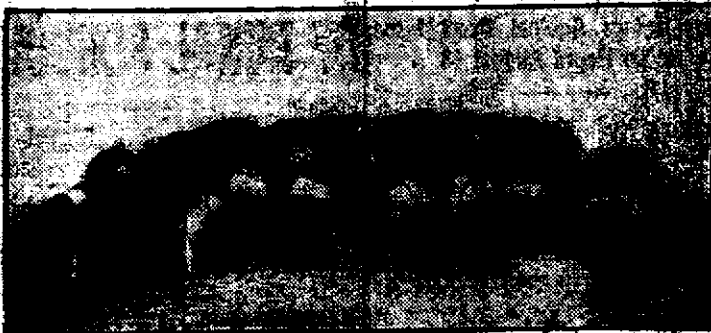

The grounds on which the trustees opposed the measure was that they would not have the funds available to pay the increased salaries of teachers for the remainder of this year because the state board of tax commissioners had cut their levies to the lowest possible point and they had based their levies on the contracts which they already had with teachers.

Opposition came from the farmers as well as the trustees, who reflected the opinion of their rural constituents, because the bill lengthened the rural school term. It has always been the contention of rural school officials that the schools should be dismissed early in the spring to allow boys who live on the farm an opportunity to work. It was argued that part of the education of a country boy consisted of learning how to do farm work.

Miss Bella O'Hare of Indianapolis, president of the Indiana Federation of Teachers, was here last Saturday night trying to get in touch with Mr. Lewis in an effort to get him to use his influence to persuade Governor Goodrich to sign the teachers' bill. She said that Governor Goodrich had told her that he would not sign the bill until he had heard from more than fifty trustees to whom he had addressed letters for their opinion in regards to the proposed law and she presumed that Mr. Lewis was one of them.

Miss O'Hare said that the law was a step forward in school legislation and that it would make compulsory the payment of wages to many underpaid teachers and would improve the rural schools which had suffered because of the demand of farmers that their children be released early in the spring to help on the farm.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Your druggist has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.—Adv.

FARMERS TO STAGE BATTLE

Make Effort to Prevent Board of Review From Collecting Taxes

(By United Press.)
Indianapolis, Ind., Aug. 5.—Marion county farmers will wage a battle in an effort to prevent the county board of review or the state tax board from collecting taxes under the horizontal increase in property valuations which they say was made possible by the remedial tax bill passed by the special legislature.

Attorney William Bosson, representing the farmers served notice to this act on the board of review here Wednesday afternoon. He gave this information also to the county auditor, treasurer and assessor.

BEAR OIL for HAIR

AN INDIAN'S SECRET
One of the most surprising of facts is that the Indians of the Northwest have known for centuries that there are other active ingredients in bear oil than just the fat. They have found in many other hair preparations that the secret of the Indian's hair is in the oil of the bear. This oil is the most powerful of all hair oils and it is the only one that will grow the hair and keep it from falling out. It is the only one that will make the hair shine and keep it from becoming dry. It is the only one that will make the hair soft and keep it from becoming brittle. It is the only one that will make the hair long and keep it from becoming short. It is the only one that will make the hair thick and keep it from becoming thin. It is the only one that will make the hair black and keep it from becoming gray. It is the only one that will make the hair smooth and keep it from becoming rough. It is the only one that will make the hair healthy and keep it from becoming diseased. It is the only one that will make the hair beautiful and keep it from becoming ugly. It is the only one that will make the hair strong and keep it from becoming weak. It is the only one that will make the hair brave and keep it from becoming cowardly. It is the only one that will make the hair noble and keep it from becoming base. It is the only one that will make the hair true and keep it from becoming false. It is the only one that will make the hair honest and keep it from becoming dishonest. It is the only one that will make the hair pure and keep it from becoming impure. It is the only one that will make the hair clean and keep it from becoming dirty. It is the only one that will make the hair sweet and keep it from becoming sour. It is the only one that will make the hair pleasant and keep it from becoming unpleasant. It is the only one that will make the hair agreeable and keep it from becoming disagreeable. It is the only one that will make the hair lovable and keep it from becoming unlovable. It is the only one that will make the hair desirable and keep it from becoming undesirable. It is the only one that will make the hair valuable and keep it from becoming valueless. It is the only one that will make the hair precious and keep it from becoming cheap. It is the only one that will make the hair rare and keep it from becoming common. It is the only one that will make the hair unique and keep it from becoming ordinary. It is the only one that will make the hair extraordinary and keep it from becoming ordinary. It is the only one that will make the hair remarkable and keep it from becoming ordinary. It is the only one that will make the hair wonderful and keep it from becoming ordinary. It is the only one that will make the hair amazing and keep it from becoming ordinary. It is the only one that will make the hair incredible and keep it from becoming ordinary. It is the only one that will make the hair unbelievable and keep it from becoming ordinary. City Garbage Collection

The suggestion by Mayor Irvin at the meeting of the city council this week that the council consider the garbage collection question is both timely and important. There is not a question in Rushville which deserves the earnest consideration of the councilmen so much as this one because it is a problem which can not be temporized with. It must be solved.

The only solution appears to be a city garbage collection system which will insure the gathering up of all garbage free of charge because any other scheme will not be satisfactory. It would seem to be the duty of the city government, in guarding the public health and welfare, to

in order to keep the city in a sanitary condition, it is necessary that the city should have a free garbage collection system.

The councilmen of the city are faced with the problem of how to collect the garbage. The city is now in a position where it is unable to collect the garbage in a sanitary manner. The councilmen are faced with the problem of how to collect the garbage in a sanitary manner.

Many Rushville people will bear witness to the fact that they have not been able to have their garbage hauled away this summer. Garbage collectors have been scarce as well as independent. They can't haul their garbage and take all or part of what is left for them, just as it suits their fancy.

But that is not half the story. People who do not feel they can afford the expense of having their garbage hauled away, throw it in the alleys, their back yards or in vacant lots. It is impossible to approximate the damage which might result from such conditions as this. Such things breed flies and help spread diseases which need never exist if a little more precaution is taken.

The visiting nurse appeared before the city council a few months ago and pleaded for a garbage collection system. She then described the conditions which are to be found in some sections of Rushville—a situation which should largely be overcome by a small expenditure by the city.

The visiting nurse stands ready and willing to co-operate with the

city in order to keep the city in a sanitary condition, it is necessary that the city should have a free garbage collection system.

War Surplus Food

The war department had a surplus of foodstuffs which it had purchased prior to the armistice for the maintenance of the army. These surplus supplies the war department purposed at first to dispose of in Europe, according to the statement of Newton D. Baker, secretary of war, who claimed that there was "only a limited market in the United States." The congress promptly passed a resolution directing the war department to place these goods on sale in the United States. After months of delay and grudging compliance with the law, the war department now announces that it will dispose of the remainder of these commodities. Canned corned beef, corned beef hash, roast beef and bacon to the value of \$25,000,000 are now being disposed of in various sections of the country within reasonable hauling distance of the retailers and wholesalers in every community. The prices are below pre-war quotations.

According to Representative William J. Graham, chairman of the committee on expenditures in the war department, the surplus food held by the army in the United States following the armistice was valued at \$100,000,000. "The war department had entered into tentative agreements with the packers," he states, "not to put this food upon the market and were using every method to dispose of it, by feeding it to the soldiers or otherwise, so that it should not be sold to the people. As a result of the resolution passed by the Congress \$57,000,000 of this food was sold prior to the recent announcement of the war department placing \$25,000,000 of these goods on sale."

Paris fashion notes are to the effect that skirts will disappear this fall. This is an important announcement in view of the fact that the waists are already scanty.

Striking yardmen and engineers who were indicted at Chicago yesterday are probably of the opinion now that it was an "outlaw" strike.

Newspaper headlines say the league of nations is in action to prevent wars and meanwhile the Russian Reds continue to move on Warsaw.

There are about 54,000,000 gallons of whiskey in bonded warehouses, according to government reports, which indicates there is about enough to go around, provided the going is good.

It wouldn't be so bad after all to have a woman for secretary of state. The secrets of the state department would be an open book, and that would prevent the danger of any entangling alliances.

THE Mirage of Lower Prices.

Many retail lumber dealers have followed the MIRAGE OF LOWER PRICES off into the desert of depleted stocks and have allowed their trade to drop away. Many dealers have actually advised their customers not to build, but to wait for lower prices. This is the HEIGHT OF BUSINESS FOLLY. It is poor business for the lumber dealer and bad for his community. Money is a liquid and unstable thing. THE TIME FOR ANY MAN TO BUILD IS WHEN HE HAS THE MONEY. Ninety-five percent of the money made in our community will be spent at once. If it is not spent for HOUSES and BARNs, it go for AUTOMOBILES. If it is not spent for CRIBS and GRANARIES, it will resolve itself into TRIPS TO PLEASURE RESORTS. If it is not spent for FENCES and SHEDS, it will be invested in imaginary oil wells or fictitious GOLD MINES. IT WILL BE SPENT. Let that sink into your mind and decide whether our community will be PERMANENTLY BETTER OFF if it is spent for permanent improvements or for EVANESCENT PLEASURES.

WE KNOW A LUMBERMAN, an intelligent retailer, too, who is an officer and a director in a bank. The directors wished to build a bank building this year, but he counseled them to wait for lower prices which were due to come some time in the future. WHEN THE LOWER PRICES COME NO BUILDINGS WILL BE BUILT. Let this thought ramble through your brain—when prices are low people do not build. Low prices and poor business walk hand in hand in all lines. When lumber prices are low, other prices are low and people will not have the money with which to take advantage of conditions. In looking over our records, we find that the periods of low prices, were inactive periods in our business. IT IS TO THE INTEREST OF THE COMMUNITY TO ENCOURAGE BUSINESS NOW—NOT NEXT YEAR—AND GET THE MONEY PERMANENTLY INVESTED IN TAXABLE IMPROVEMENTS.

AND JUST A WORD TO PRESENT PRICES. Many think that lumber prices are too high. This is a common fallacy. Lumber prices are lower today than they should be. They are lower than they are going to be a little later. At present prices the manufacturer cannot make a reasonable profit. No industry can flourish unless all branches are making a reasonable profit. The manufacturer—the wholesaler—the retailer—all must be allowed to live if any one of the three is to prosper. Each has his definite duty and his place in the business. THE MIRAGE OF PE-WAR PRICES WILL LEAD YOU ASTRAY IF YOU FOLLOW IT. It is an illusion—it is the reflection of something that used to be but is no more and will not be again.

People who wish for a return to the old price level are unconsciously wishing for demoralization—hard times—slack business—and trouble.

We are telling you that lumber prices are not too high—that now is the time to build—while you have the money and before you spend it for something that does not add to the value of your estate. IF YOU THINK LUMBER PRICES ARE TOO HIGH, just set out a crop of trees and wait for the harvest. Lumber is one of the few crops that is being sold at FAR LESS THAN THE COST OF REPLACEMENT. You may figure what it costs to grow a bushel of wheat, but sit down with your pencil and estimate what it costs to grow and manufacture a thousand feet of lumber. LUMBER IS THE CHEAPEST THING IN THE WORLD TO DAY.

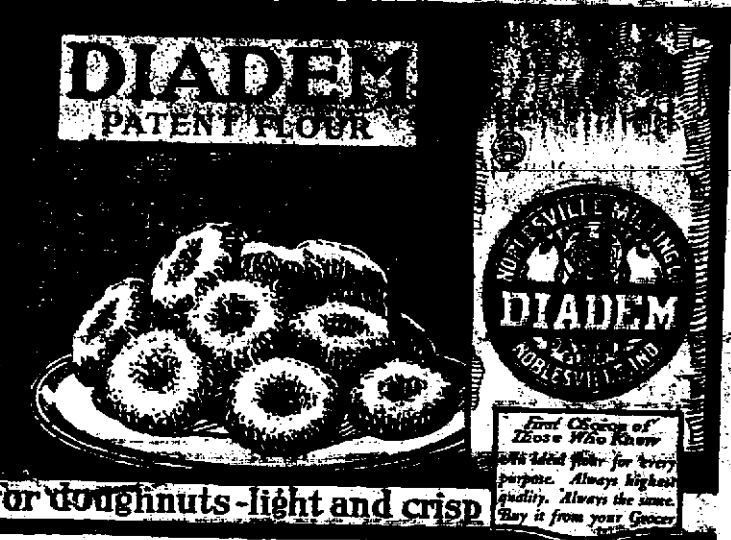

Our business for the last year has been conducted along the principles set out above. We have relied on the sound business judgment of Rush County to BUILD WHILE THEY HAVE THE MONEY. Hence we have full stocks and are prepared to furnish large or small bills without delay or substitution. Temporary shortages have been experienced by all dealers due to transportation, but we have overcome this at last and have a stock ample for the requirements of our trade.

The freight advance effective Aug. 25th, will advance all lumber shipped after that date \$3.50 per thousand.

G A S O L I N E

It's G. O. P. gasoline, because it has the Grand Old Pep that puts life and ambition in the most sluggish cars.

After you've used a tankful of Target you'll endorse every plank in its platform—the quick start, the fast getaway, the power on hills and in heavy going, the unusually big mileages per gallon.

And you'll never accept any of the other brands of gasoline with their reservations.

You'll just get the Target habit and vote the straight Target ticket as long as you own a motor car.

That's how good Target is.

Castor Oil Now Made Tasteless

Remarkable Process Perfected by
Chemists of Spencer Kellogg
& Sons, Inc.

Nobody ever dreamed that the nauseating taste could be removed from castor oil. Yet it has been done. Chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a wonderful process whereby castor oil is freed from all nauseating taste. Nothing is removed except the taste. Strength and purity remain absolutely unchanged—a 100% pure castor oil, the same castor oil that your doctor prescribes, but with the nauseating taste eliminated. Think what a boon Kellogg's Tasteless Castor Oil is to children and to those who are sold by all kinds of druggists. If you want a castor oil absolutely without nauseating taste, insist on Kellogg's Tasteless Castor Oil. Three sizes, 15c, 35c and 65c (A.D.)

SOCIETY

The regular stated meeting of the P. O. chapter No. 143, O. E. S. will be held Friday evening at 8 o'clock. A good attendance is expected.

The War Mothers' held their regular meeting yesterday afternoon in the assembly room of the court house. A short program was given, followed by a business hour.

Mrs. Allie Aldridge and Mrs. Veri... had as their guests last evening, Mrs. Kate Roehn of Cincinnati, Mrs. Minnie Fishel of Indianapolis and Mrs. Fred Gross and Miss Caroline Gross of Manilla.

Mrs. Guy Russell had charge of the program given yesterday at the meeting of the Ben Davis Creek Missionary Society which was held at the church. A large attendance was present for the interesting meeting.

E. Hite and daughter Hazel of Greensburg; and Mrs. Otis Miller and daughter of near Andersonville.

The Woman's Auxiliary of the Noble Township Farmers association met at the home of the president, Mrs. Burle Matney of New Salem, Tuesday afternoon. A very interesting program was given after which light refreshments were served by the officers and program

members of the society were present.

Mrs. W. W. Westley was hostess for the members of the Willing Workers Sunday school class of the St. Paul's M. E. church last evening at her home in North Harrison street. The meeting was a farewell party for Mrs. W. H. Scott, who leaves next week for Houston, Ind., where she will make her future home and was a very enjoyable one. Following a social hour the guests were invited into the dining room, where cracker jack, fruit, ice cream and cake were served. The honored guest was presented with a basket as a present from the class. Balloons were given each guest as a souvenir.

FIELD AVERAGES 32 BUSHELS

William Merrill Threshed 258 1/2 Bushels Off Eight Acres

William Merrill, living on the Frank Lowe farm southwest of Rushville, today reported one of the best yields of wheat in Rush county this season.

A field of eight acres produced 258 1/2 bushels, or an average of more than thirty-two bushels to the acre. The wheat graded second. Mr. Merrill said that the eight acres made ten big loads in the sheaf. He declared there was no question about the average because the field had been measured and contained eight acres.

HARDING URGES ACTION

Wires Tennessee-G. O. P. Chairman Regarding Woman's Suffrage

(By United Press.)
Marion, Ohio, Aug. 5.—Throwing his full weight into the fight for ratification of the woman's suffrage amendment by the Tennessee legislature, Senator Warren G. Harding, republican presidential nominee, today sent two more messages favoring affirmative action, there. One to States Senator Howk, chairman of the republican state committee, declared the Tennessee republicans are in a position to serve both the party and the country by effective ratification.

The other message was sent to Mrs. Carrie Catt, president of Woman's Suffrage association, advising her he is continuing to encourage favorable action by the republican members.

THOS. E. M'KEE IS BURIED

Funeral services were held this afternoon in northern Rush county for the late Thomas E. McKee, who expired Tuesday morning at 4:30 o'clock, following an illness from paralysis. Mr. McKee was 73 years old, and was a prominent farmer of near Knightstown, in this county, and was a brother of the late Samuel A. McKee of Knightstown. Three nieces, Mrs. Charles Pike, Mrs. Ray Sharp and Mrs. Mort Berry, all of Newcastle, are the survivors.

Almond Blanc Manger.
Make a paste of four tablespoonfuls of cornstarch, wet with a little cold milk. Stir it into a quart of milk with four tablespoonfuls of sugar, and boil until thick. Flavor with a few drops of almond extract and stir in half a cupful of blanched shredded almonds. Mold, chill and serve with cream.

Bread Pudding.
Take one quart of milk and one pint of bread crumbs, two well-beaten eggs, a pinch of salt and one tablespoonful of butter. Bake about twenty minutes. Nuts or raisins or both are an addition to this pudding. After it is baked, jam or jelly may be spread over the top and a meringue to cover. Bake until a delicate brown.

Baked Pears.
Use the hard, large pears used for cooking. Core but do not peel. Fill the cores with brown sugar and bake in a pan containing little water. Bake occasionally and cook until tender. Serve hot or cold with cream or a thin boiled custard.

Bordeaux Pudding.
Cut a sponge cake into three layers, spread with jam, put together again, cover with whipped cream sweetened and flavored and sprinkle with chopped nuts. Serve on a platter. Another dessert similar to this which is most attractive is prepared as follows: Bake a light sponge cake in a round tin; split and put together with a thick filling of sweetened whipped cream flavored to taste. Serve cut in wedge-shaped pieces with a spoonful or two of any fresh berries as a garnish.

Chocolate Pudding.
Take one cupful of stale bread crumbs and enough milk to make a smooth paste when boiled with the crumbs. Add two tablespoonfuls of butter, two tablespoonfuls of cocoa, sugar and vanilla to taste. Take from the fire and add three egg yolks well beaten, then the whites beaten stiff and folded in. Put into a buttered baking dish and bake carefully. Serve with whipped cream or plain cream with sugar.

Jam Pudding.
Melt three tablespoonfuls of butter; add two well-beaten eggs and stir in a cupful of any preferred jam. Butter a pudding mold and put in it a layer of crumbs, then a layer of the jam mixture; repeat until the dish is full, having the crumbs on top. Bake or steam and serve hot or cold.

Last Night's Dreams

—What They Mean

ACORNS.
THAT simple little fruit of the oak tree, the acorn, has divided the mystic world of those who profess, or have professed, to read the riddle of dreams into two violently antagonistic camps. According to one set of penetrators of the veil the acorn shed by the tree of night through the visions of our slumbers is as much to be desired as rubies and fine gold; to the other set it is a thing to be abhorred. Those who sit in the camp of the pessimists and the predictors of evil declare that to see an acorn in one's dreams means dire poverty ahead if you don't watch out. Another one avails that it means that you are about to commit an irreparable fault. "Not so," says the cheerful and confident group from the other camp; the acorn seen in dream is one of the happiest auguries; the acorn is one of dreamland's most desirable products. Those who say otherwise are night birds of ill-omen, croaking in the leafless dreamtrees where acorns never grew. To dream of acorns, say this school of optimistic mystics, is a sure sign of good things ahead; much happiness in store for you. It means, among other good things, that you will derive much gain from your present business, which will increase under your fostering care. If you dream that you are picking acorns from the tree it means that, after trials, you will have a sure success. If you are now a laborer, or a worker of any sort and you dream that you are eating acorns it is a sure sign that, from your present condition of toil, you will rise to a condition of peace and ease and plenty. When doctors disagree who shall decide? Give us the optimists, every time! (Copyright.)

The Grip of Grit.
Grit is one of the greatest assets in the world. Grit is something that is in the blood. It has a way of putting fire into the eye and stiffness into the backbone. In the most needy hours it rises like a full clad knight to win both place and honor. You can't buy it. Attempts to bribe it cause resentment. Organized opposition merely helps it get into fighting trim. It is that part of the nature that knows no defeat and isn't afraid of anything. When you read of the greatness of men you can put it down to grit.

TAKE

PEPSINCO

the best remedy for indigestion that ever came out of a drug store.

You know that pepsin is good for indigestion but pepsin could never do what PEPINCO will. We have dealt in medicines long enough to know the various uses and value. We unhesitatingly say that PEPINCO is the best remedy for indigestion, gas, flatulency, food distaste, sour stomach and pains under the ribs, that ever came out of a drug store. Sufferers of indigestion and dyspepsia will do well to take PEPINCO.

Ask your druggist—he sells and recommends Pepsinco.

MOVED

I have moved my livery and feed barn from the Gwinn barn in South Perkins Street to the Wilks barn in East Second street. All parties desiring livery rigs will find me there. Phone 1813.

THE SLOW HURRY

That is the habit of the well meaning man who is always "just going" to start Saving Money or Plan For Some New Business.

"STARTING" is the essential thing in business. "Going to" never did anything. The world is full of those who "HAD" good intentions. It's the man who "HAS" them who keeps the wheels of progress spinning.

When in Doubt which way to turn, we invite you to consult the Officers of our two Institutions.

It is Our Desire To Co-operate in any manner possible for the Success of Your Business Plans.

OUR PRICES PROTECT YOU

Keen competition in all lines of business forces dealers to price their goods as low as possible.

Our prices protect you in this way: Our goods are all marked in plain figures and every article in our stock is the same price to everybody. When you buy an article of us you are sure of two things—you are getting it at the lowest possible price and your neighbor is paying the same price, as yourself. This gives protection to all—Trade where the price protects.

THINKING, KNOWING DIFFERENT, HE ASSERTS

Salvation Army Evangelist Says

"Know So" Salvation is Not Like a "Think So" One.

A MESSAGE BY WAINSCOTT

There was deep conviction rested upon the people at last night's Salvation Army revival meeting and though no one surrendered, the Spirit of God was felt in the services, according to an announcement today by Capt. J. A. Trench.

Evangelist Waincott brought the message of the evening, using for his theme, "I bear them record that they have a zeal of God, but not according to knowledge."

The evangelist stated that it is one thing to have a "hope-so" salvation or a "think-so" salvation and an entirely different thing to have a "know-so" salvation. He asked the congregation if anyone could tell how a person could know that they had salvation. One person replied that the Spirit witnessed with our spirit that we are born of God.

Meeting will be held tonight at eight o'clock.

BOARD OF FARMERS ASSOCIATION MEETS

To Prepare Record of Work of Special Session of Legislature to Submit to Federation

SATISFIED WITH RESULTS

(By United Press.)

Indianapolis, Ind., Aug. 5.—Directors of the Indiana Federation of Farmers Associations met here today to prepare a record of the work of the special session of the legislature and to discuss the proposed establishment of a bureau of markets as a new department of the state organization.

The record will be submitted to the federation's members to give them correct information.

E. E. Reynolds, treasurer of the federation, expressed satisfaction with the work of the assembly, except on the enactment of tax legislation. He said many matters were taken up at the special session which should have awaited the convening of the regular session next February.

WANT DRY LAW AMENDED

Saratoga, New York, Aug. 5.—The democratic state convention meeting here, adopted a platform demanding amendment of the Volstead prohibition-enforcement law to permit the state legislators to establish the alcoholic content of liquor. The plan was agreed upon after a sharp fight on the convention floor.

The Kitchen Committee of the Little Flat Rock Christian church will hold an ice-cream festival on the lawn of the New Salem school grounds, Friday evening, and the public is cordially invited to attend.

MARGARET HALL IS SOUGHT

W. S. Sutton Unable to Locate Woman Said to be Living Here

William S. Sutton of Nebraska was here today in search of an elderly woman known to him as Margaret Hall, but all efforts to locate her were of no avail. He consulted county officials, who examined the tax duplicates and the assessors books, but they could not find anyone by that name.

Mr. Sutton, after the death of his wife, sold his farm of 640 acres in Nebraska and has been traveling about the country. He said he was born east of Connersville, in Fayette county, and at one time lived in Rush county. Mrs. Hall's father, he said, was his step-father. Mr. Sutton expected to leave this evening for Springfield, Fayette county, and may be reached there if anyone has any information concerning Mrs. Hall.
